

Celebrating IDH's 1 million visits with 7 days of prizes!

Lori Greene, DAHC/CDC, CCPR, FDAI, FDHI, started **idighardware.com** seven years ago as a way to house all the code-related questions and answers she fields on a daily basis. She wanted to give architects, security consultants, locksmiths, distributors, end users and code officials an easy way to find answers to their code questions.

She had no idea when she launched the site that it would become the valuable resource it is today across the entire door and hardware industry.

Congratulations to Lori for idighardware's:

- 1 million visits
- 2 million pageviews
- 500,000 visitors
- 1,500 published posts
- 10,000 comments

As the Manager—Codes and Resources with Allegion, Lori routinely hears people say—with passion—that they hate hardware. She understands—there are so many complexities to door openings. Yet, after 30 years in the industry, she still “digs” hardware and loves to share her knowledge and experiences with others.
